Dear Mr. Uritus,

We love our home!!! I had seen a news report about Sovereign Homes last year. How they saved energy and they were environmentally friendly and that they were well built. I thought then how wonderful it would be to have one of those homes, never thinking we would ever have an opportunity to buy, and live in one of them.

We are so thankful to you, Mr. Dave Anderson, and Sovereign Home Development Corporation and Sovereign Home Builders.

We met Mr. Taylor and Mr. Castell, on January 12th, of this year. They were both nice gentlemen, very courteous. Mr. Taylor introduced us to Ms. Betty Dutcher, there at the bank, and to the people at MirCit. We are grateful to everyone who was involved in making our dream of owning a home come true.

Sincerely,

Eddie Ruth Sims & Family
